HOT AIR PAGE

We would like to take this opportunity to make some observations about our Auctions as well as remind you of some of our policies.

Our September Sale at the INS Convention in Washington was one of our most successful to date. We were pleased with the turnout of floor bidders especially from overseas.

The current sale is being held at the Michigan State Numismatic Society's Annual Fall Convention on Thanksgiving weekend at the Hyatt Regency Hotel in Dearborn. A wide range of coins, tokens, medals and related numismatic items are included. It was necessary this sale to eliminate the paper money section and many of the less important medals. These will be included in a future sale.

Our plans have been made through next summer and include two general auctions. The next one is scheduled for March just prior to the Chicago International Coin Fair. It will feature English and British Commonwealth coins and rare numismatic literature. We are pleased to present an auction June 13-15 at the internationally acclaimed C.O.I.N. Convention in Los Angeles. Of major importance in this sale will be choice Mexican and Latin American material. We have three Latin collections scheduled for this auction. Any additional sales this winter or spring would be small specialized sales of choice material covering one area only such as the one we held this past Summer.

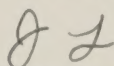

Every auction we receive notes from a few of you stating your catalogs arrived late. As we have said many times, you will receive your catalogs by First Class Mail only if you are a subscriber, consignor or highly successful regular bidder. While most catalogs mailed as bulk mail do arrive in sufficient time to bid, we can not guarantee their timely delivery.

Please bid as early as possible. This always is a help to us. However, since this sale occurs on a holiday weekend, the mail immediately prior to the sale may be slow. We do have a telex for receiving bids through Western Union. You also have the option of phoning in

bids. If you elect to do this, we would like written confirmation of these bids by mail. Alternatively, mailgram service provides overnight mail delivery for late bidders at a nominal cost from Canadian and U.S. addresses.

Finally in passing, The Fall Book List is still current. Consignments for upcoming sales are now being accepted. Since we plan to continue our new format of integrating illustrations and text, we do need to have consignment material a bit earlier than in the past.

Sincerely yours,

Joseph Lepczyk
